DOUBLE THE CONFIDENCE, DOUBLE THE STEM,
DOUBLE THE SUMMER FUN!

At Camp Invention®, we have always found the right ways to bring hands-on STEM activities to children across America. Double up this summer with two weeks of programming designed to inspire confidence and persistence as campers bring their biggest ideas to life.

WEEK 1 & 3: WONDER

Young innovators will:

- Build their own mini skate park with rad ramps, bowls, jumps and rails
- Become event planners, invent a Party Assistant and design light-up party hats and bubble art
- Transform a robot into a unique stuffie, then use the power of intellectual property to protect it
- Launch a pop-up business and become awesome entrepreneurs who make green energy choices

WEEK 2: FAST FORWARD

Young innovators will:

- Design dream homes, explore renewable energy sources and invent their own smart devices
- Become robotic pet veterinarians as they take apart and diagnose their own robotic dog
- Explore sensors, create tracks for a driving robot and find inspiration to design a futuristic vehicle
- Build persistence as they launch rockets and experiment with magnets and slime

SECURE YOUR SPOT TODAY!

Register at [INVENT.ORG/CAMP](https://www.invent.org/camp) or 800-968-4332

Save \$15 with promo code WONDER15 (expires 5/17/23) on week one. Then use the exclusive registration URL in your week one confirmation email and **save an additional \$60!**

Grades: K- 6th

Time: 8:30 AM - 3:00 PM

Cost: \$260 per week (before discount)

Camp Director: Keri Whorton | mkswhorton@att.net

Week 1 Program: Wonder!
