

Grow Ellsworth County hires Kayla Timms as Assistant Director

FOR RELEASE ON OR AFTER MARCH 6, 2023

Following a series of outreach efforts and a panel interview selection process, Grow Ellsworth County has announced the hiring of Kayla Timms as Assistant Director for the organization. Timms will begin her role on March 6, 2023.

Timms previously served as Executive Administrative Assistant to the CEO and Board of Directors at Ellsworth County Medical Center, where she developed her skills and love for the Ellsworth community. Timms' background also includes sales, public relations, and fundraising.

"As a newly merged organization now trying to fill the services of the previous Ellsworth Area Chamber of Commerce, Grow Ellsworth County was seeking the right turn-key candidate who could build on our membership base, create relationships, and listen and act upon what our businesses need and want from their investment. We feel confident that Kayla will help us build a robust and engaging level of services, and help Grow Ellsworth County extend its hand further into the community. We are excited to bring Kayla on board, and know that she will bring energy and enhancement to the organization," said Executive Director Stacie Schmidt.

“ This opportunity is exciting to me because I believe I can really make a difference in this community. I want to have a positive impact and make a difference. I am ready to get started and help elevate Ellsworth County to the next level!

-Kayla Timms

Kayla will be available immediately for business membership appointments. A meet and greet on Wednesday, March 15 from 1pm-3pm will be hosted at the Grow Ellsworth County offices at 107 W 2nd St. Public and businesses are encouraged to attend, meet Kayla, and have refreshments.

Grow Ellsworth County serves as the lead agency to drive economic health and prosperity to Ellsworth County.
